30"x6"x44	30"	264"	88	6"	2"	3.2"	44	4	1.5"

The agricultural tracks manufactured for CASE Industrial Group machines are characterised by their positive drive and delta mounting. Offering perfect traction, these systems require high production precision, with very low dimensional tolerances.

To withstand the power of Quadtrac STX and STEIGER tractors, our treads and drive lugs are vulcanised simultaneously with the core of the track, giving them greater resistance to tearing.

On AXIAL FLOW or CR & CX combines, the natural stability of the tracks allows you to work with large cutting widths.

Moreover, we offer specific original widths that comply with current road standards. Thanks to their strength, reliability and compliance with original dimensions, Vulcan Agri tracks are perfectly suited to Case IH and New Holland machines.

✓ Fast delivery within 24 hours
Delivery by tracked priority courier throughout Europe or by charter for export outside the EU.

✓ Complete range of agricultural tracks
A range of tracks from 18" to 36" wide for all makes of tracked agricultural machinery.

✓ Adaptability of parts and guaranteed assembly
Our experts will determine the best dimensions for your machine and guarantee that the parts will fit.

✓ Spare parts for undercarriage
A guaranteed, cost-effective range of rollers and wheels for all major makes of tractors and harvesters.

Strong Cables

The track tensile strength is ensured by a full layer of 5.4mm, seamless tension cables. In addition, the track's core is reinforced with as much as four steel cable layers placed at special angles to maximise the core stiffness, making our tracks the best choice for durability and flexibility.

One Step Vulcan

Vulcanisation in one step of track core, guide lugs and tread patterns reinforce solidity and prevent tread pull off. All track parts are strongly vulcanised and bonded together. Low wearability rubber compound offers extended lifetime.

Engineered Quality

New self-cleaning tread bars improve traction whilst offering no vibrations. The tracks are designed to last and come with up to 2 years warranty on Friction and Positive Drive Machines.

Trusted Dealer

Leach Lewis supply the industry only with high quality products at extremely competitive prices. We have a long tradition of servicing and maintaining high levels of customer satisfaction.
